(under the auspices of UNESCO)

Mission

Prepare the ground for the development of technology incubators and science parks by providing

- consultations,
- training courses and
- capacity building.

Facilitate networking among science parks and incubators with their counterparts in the region.

Objectives

- Conducting capacity-building
- Providing technical assistance
- Facilitating knowledge transfer
- Supporting research
- Networking
- Information exchange and dissemination

IRIS Inauguration Ceremony 2010

Evaluation Meetings and Visits

Signing Ceremony of IRIS Agreement

Supporting International Conferences and events on STPs

- A joint event by IRIS, IASP, ASPA, and ISTT and in collaboration with UNESCO 2011
- The theme of the conference:
“The Role of STPs in Regional Development Plans”
- 428 Participants from more than 20 Countries

Organizing a Technical Tour of the Innovation Park of Muscat (IPM) for 10 settled SMEs of ISTT

Isfahan
Science & Technology Town
(ISTT)

- IRIS With the collaboration of IPM organized a technical orientation tour for 10 interested settled SME's of ISTT.
- SME's which had matured enough to expand their activities to the country of Oman, and/or rent space in the park participated in this tour.
- Apart from the program to visit IPM , many international companies were contacted beforehand by IRIS and separate Business matching Sessions were organized.

IRIS-ISTIC Joint International Workshops

- An international workshop was organized with the collaboration of two of UNESCO's category two centers, the International Science, Technology and Innovation centre for the South-South Cooperation (**ISTIC**), and **IRIS** with the title of :

“Technopreneurship in developing countries”

- The participants of this workshop came from different developing countries inclusive of Malaysia, China, Nigeria, Oman, Indonesia, Turkey, and Tunisia.

- MOU with ECOSF

- تفاهم‌نامه با پارک فناوری SFAX تونس

- Catalan STP Association in Spain
